Our Services

Taxation

Tax is a mandatory financial charge or some other type of levy imposed upon a taxpayer (an individual or other legal entity) by a governmental organization in order to fund various public expenditures. A failure to pay, or evasion of or resistance to taxation, is punishable by law. Taxes consist of Direct Taxes (Income Tax) or Indirect Taxes (Goods and Service Tax / GST). It is therefore very important to abide by the tax laws and ensure a proper tax planning is done and income tax return has been filed. Tax planning strategies are typically employed to help a business achieve their financial and business goals. There are benefits of tax planning for both large and small businesses and planning plays an important role to minimise tax liabilities, to ensure all available allowances, deductions, exclusions and exemptions are working together in the most tax-efficient manner to reduce the total tax bill. Our firm provides its clients a relief from being updated of changing tax laws. We provide all the end to end services in relation to taxation services by keeping them updated of the developments and advising them the best tax planning guidance.
